CHAIRMAN SPEAKS

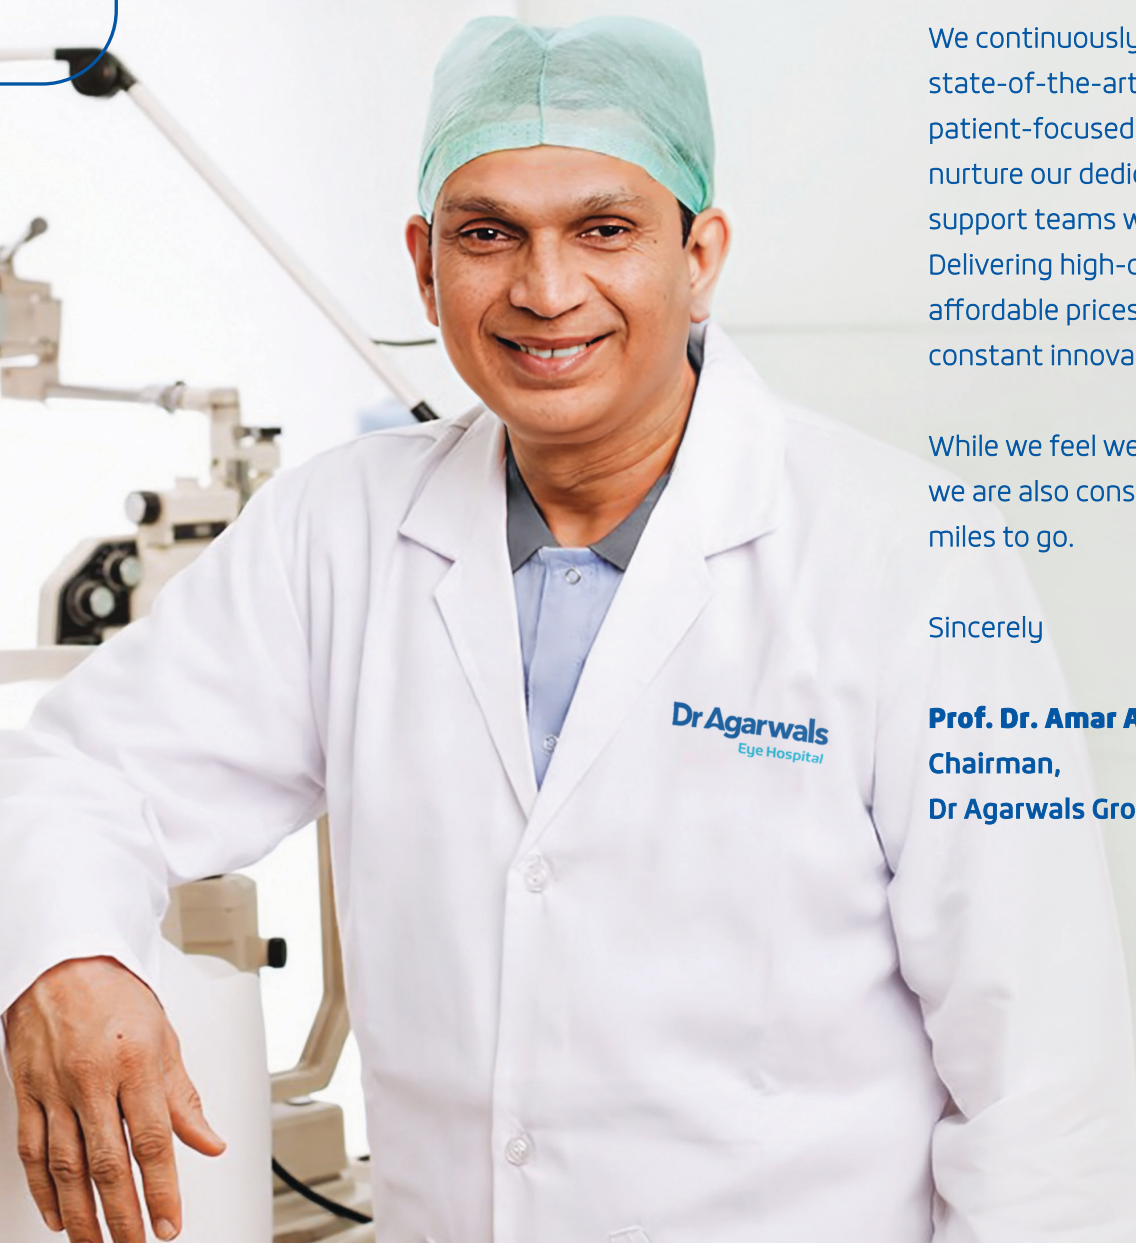

At Dr Agarwals, our mission is to play an important role in the battle against blindness. While creating eye hospitals across India and Africa, we have had the privilege of serving people across every social strata of life. Our team aspires to stay relentless in our efforts to offer holistic eye care for everyone.

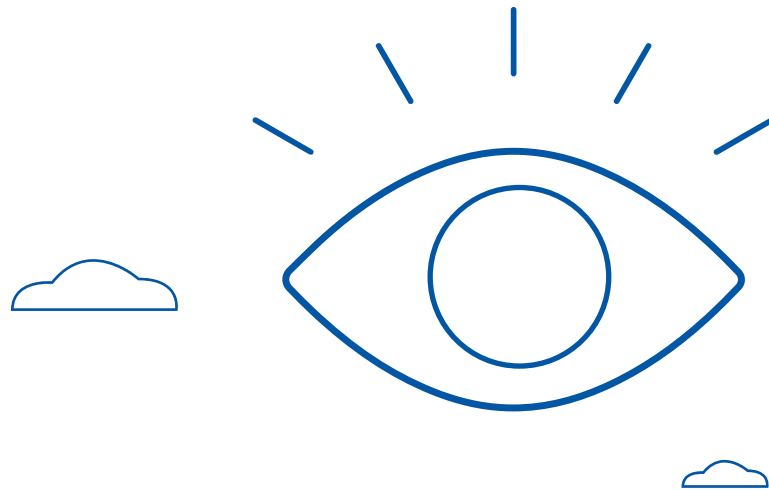

We continuously invest in state-of-the-art technologies, build patient-focused infrastructure, and nurture our dedicated medical and support teams with ongoing training. Delivering high-quality care at affordable prices drives our culture of constant innovation and excellence.

While we feel we are on the right path, we are also conscious that we have miles to go.

Sincerely

Prof. Dr. Amar Agarwal
Chairman,
Dr Agarwals Group of Eye Hospitals

Dr Agarwals group of Eye Hospitals is one of the largest networks of Eye Hospitals in India & Africa. The group has been at the forefront of ophthalmic advancements for decades—introducing clinical innovations. Dr Agarwals has rapidly expanded into new countries and built a reputation for excellence with the most experienced team of doctors in the field. Founded by Dr. Jaiveer Agarwal and Dr. Tahira Agarwal, what began as a single vision has grown into a network of over 250+ branches across 10 countries, steadfastly committed to delivering quality eye care and transforming lives across continents.

INNOVATION - OUR DRIVING FORCE

Innovation has been the foundation of Dr Agarwals since our founder, Dr Jaiveer Agarwal, pioneered groundbreaking eye care techniques including Cryoextraction in the 1960s, Phacoemulsification in the 1970s, and micro-incision cataract surgery in the 1990s.

These innovations have led to safer, less invasive procedures with quicker recovery times, directly benefiting our patients. Today, we continue this legacy of excellence by offering the most advanced treatments backed by decades of pioneering research.

Discover how cutting-edge innovation at Dr Agarwals can transform your vision care experience—schedule your consultation with us today.

INSTITUTE OF OPTOMETRY: SHAPING FUTURE EYE CARE LEADERS

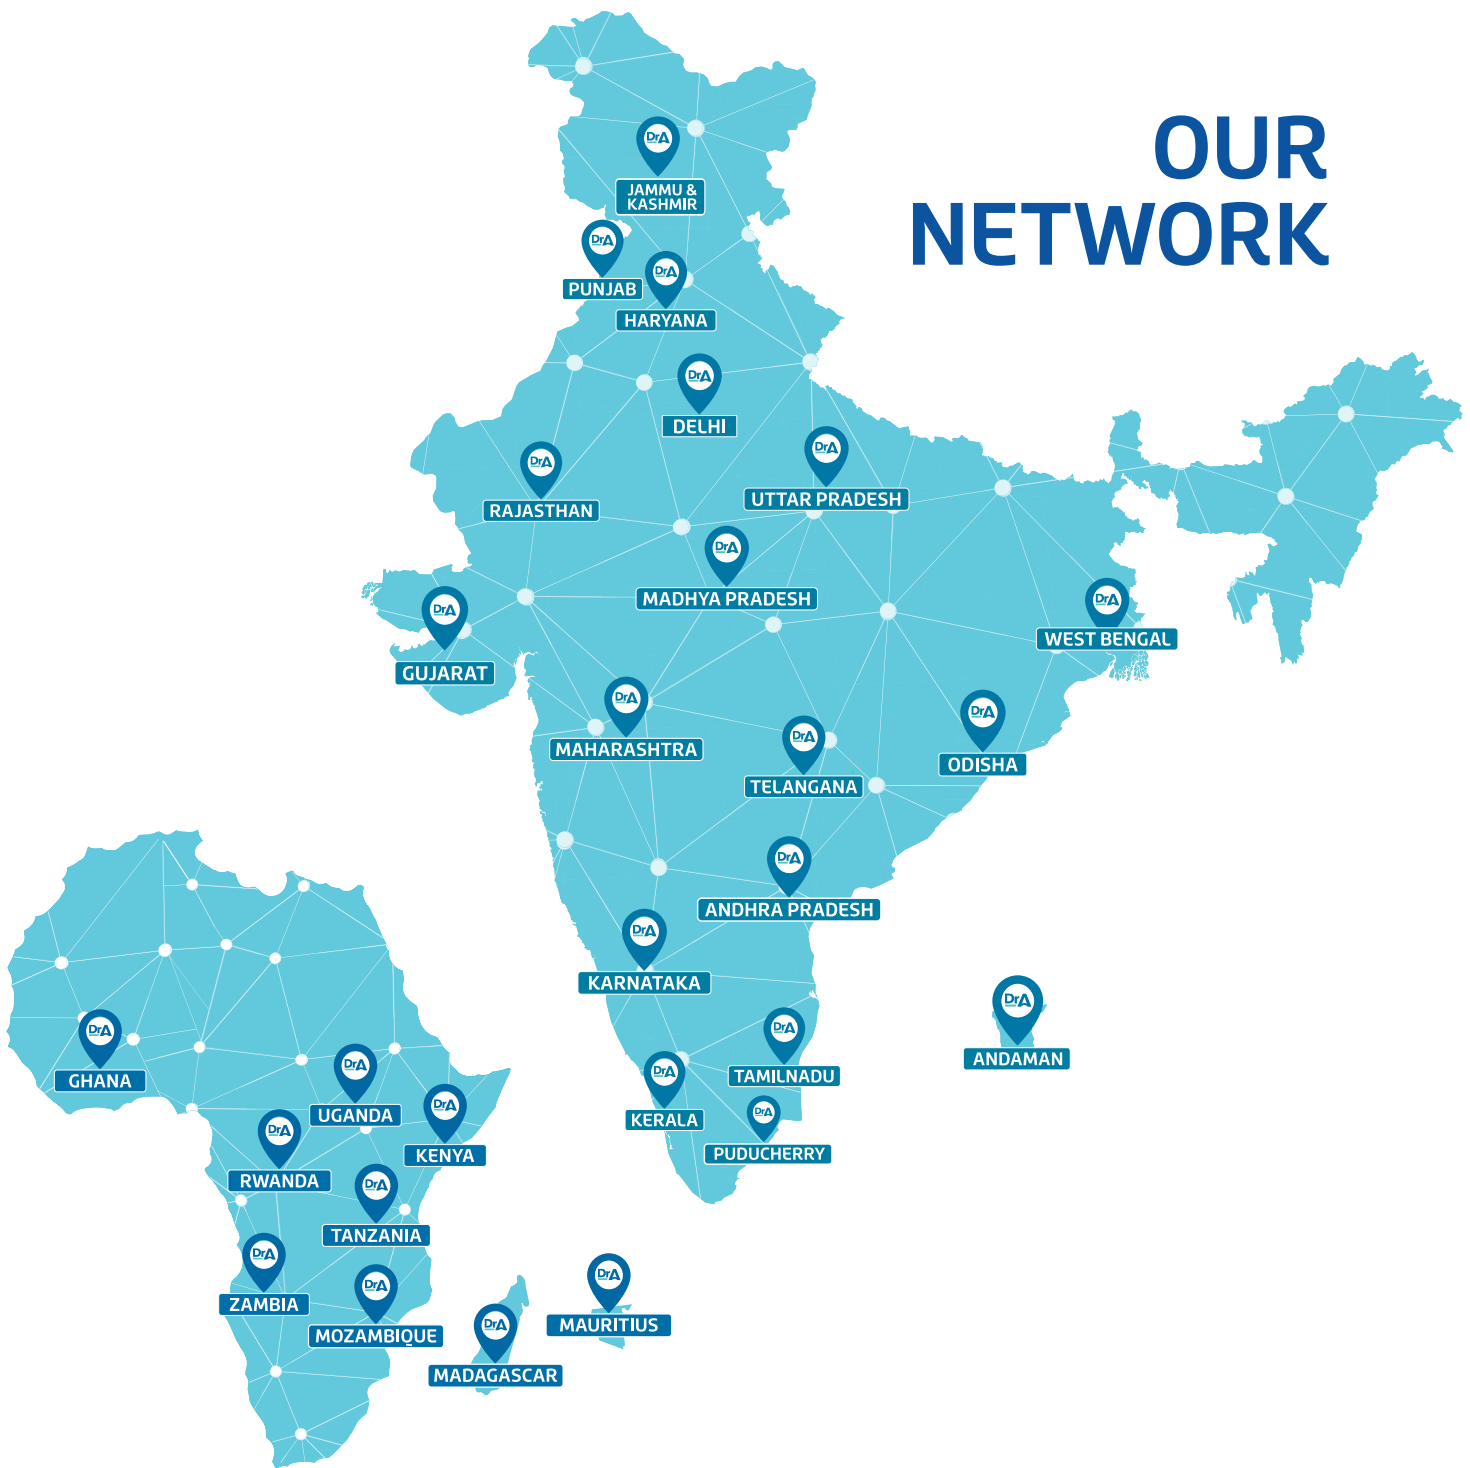

Dr Agarwals Institute of Optometry, part of the Dr Agarwals Group of Eye Hospitals & Eye Research Centre, began in 2006 with six students. Today, it is recognized as one of India's premier optometry colleges, accredited by the Association of Schools and Colleges of Optometry (ASCO) and offering a curriculum aligned with the latest standards. The institute provides students with outstanding academic and research opportunities led by dedicated and experienced faculty.

Many colleges across India choose Dr Agarwals for their students' clinical internships, where trainees gain hands-on experience with state-of-the-art equipment at Dr Agarwals Eye Hospital. The institute also facilitates career development through campus interviews, preparing graduates to succeed in the expanding field of optometry.

OUR LEGACY

1957

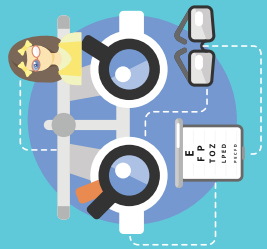

Founders Padma Bhushan **Dr. Jaiveer Agarwal** and his wife, **Dr. Tahira Agarwal**, have launched their first world-class eye hospital, pioneering advanced ophthalmology.

2010

Dr. Agarwals Eye Hospital enters **Africa** with its first hospital in Mauritius. Chairman Prof. Amar Agarwal pioneers the Glued IOL, a breakthrough lens **implantation technique**, earning **global recognition** at AAO, ASCRS, WOC, and more.

2016

Dr. Agarwals Eye Hospital **establishes 23 branches** in Andhra Pradesh, Chennai, Karnataka, and Odisha, enters new states of Gujarat, Kerala, Maharashtra, and West Bengal, and opens its **first hospital in Uganda**, strengthening its East African presence.

2023

Dr. Ashvin Agarwal received the prestigious **Golden Apple Award** at the American Society of Cataract and Refractive Surgery's (ASCRS) conference. With over 65 years of expertise and 150+ branches across 10 countries, **Dr. Agarwals Eye Hospital continues its rapid expansion, remaining a global leader in eye care.**

1994

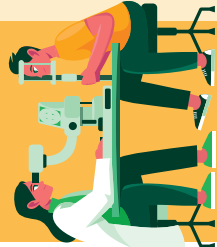

Dr. Agarwals Eye Hospital has registered as a **public limited company** on the **Bombay Stock Exchange**, committed to making world-class eye care accessible to all.

2013

Dr. Agarwals expands in **Africa, adding Madagascar, East Africa, Rwanda, and Mozambique.**

2021

Dr. Agarwals Eye Hospital reached a milestone with its **100th hospital in Mumbai**. Dr. Soosan Jacob was featured on the **'Power List 2021'** for inventing the Corneal Allogenic Intrastromal Ring Segment (CAIRS) to treat keratoconus. In October 2021, the group launched its **first primary eye centre, 'Dr. Agarwals Eye Clinic.'**

2024

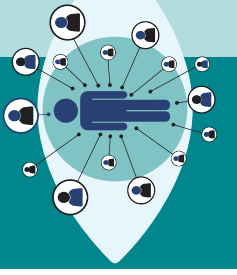

Sachin Ramesh Tendulkar joined Dr. Agarwal as a **brand ambassador in 2024.**

2008

Dr. Agarwals expands across **6 Indian states.**

2014

Dr. Agarwals Eye Hospital, a **global leader in cataract surgery, advanced refractive surgeries, and corneal transplant surgeries**, expands its world-class presence across Africa and Southeast Asia.

2022

With funds from Temasek and TPG, Dr. Agarwal's Eye Hospital added 32 branches, **expanding in Gujarat, Mumbai, and Pune**, with Punjab and Jammu as newer geographies. **Its 150th hospital in Ndola, Zambia, marked a major milestone**

2025

Dr. Agarwals Eye Hospital **launched a ₹3,027.26 crore IPO** from Jan 29-31, 2025, with shares **priced between ₹382-₹402**. The offering was **oversubscribed 1.55 times**, led by institutional buyers at 4.64 times, debuted on Feb 4 at ₹402 (NSE) and ₹396.90 (BSE). The IPO aims to expand reach and strengthen its leadership in eye care.
